STERLING CHRISTIAN SCHOOL
2008-2009 TUITON FUNDRAISING FORM

Sterling Christian School families have the opportunity to participate in fundraising events offered throughout the school year to offset a portion (amount listed below) of their tuition which is billed as a separate fee called "Fund Raising Fee". This is in addition to the regular tuition amount.

Each of our families can choose to participate in any or all of the fundraisers offered. A list of fund raisers for the year will be given to you prior to the beginning of school. Ample fund raisers will be offered for each family to reach their required fee.

Fund raising will be billed through your regular billing statement and listed as "Fund Raising Fee". You will be making monthly payments on your Fund Raising fee along with your tuition payments. Once a Fund Raiser is completed, your account will be credited for the profit only up to the agreed upon fee as listed below. If a family completes their Fund Raising commitment before the end of the school year, they can continue to participate and have 50% of any additional credit they earn applied to their tuition fees. If however, your tuition fees are paid in full, the amount raised can not be applied to another school year or other fee.

No family is required to participate in fund raising and by marking the appropriate area below you may opt out of receiving fund raising notices if you choose.

If a family enters after the first quarter, the Fund raising Fee will be prorated by the quarter. The per family fee will be determined by the student in the oldest grade.
